## Product Description

### Product Overview

Introducing the Zava Digital Caliper 6-inch: the ultimate fusion of precision engineering and user-friendly innovation, purpose-built for both professionals and passionate DIYers. Whether you're crafting fine furniture, calibrating machinery, or tackling everyday home improvement projects, this digital caliper is your steadfast companion for measurements that matter. Engineered with accuracy at its core, the Zava Digital Caliper transforms every job into a showcase of reliability and excellence. Designed to outpace conventional measuring tools, it's not just a tool—it's a statement of commitment to quality and meticulous results in every project.

### Superior Engineering

The Zava Digital Caliper 6-inch is meticulously crafted using aerospace-grade stainless steel, ensuring both feather-light handling and unmatched durability. At its heart is a next-generation, patented capacitive sensor, delivering ultra-fine digital readings down to 0.0005 inches or 0.01mm—far beyond the precision of most calipers in its class. The caliper's smooth micro-polished guide rails ensure frictionless, precise movement, while its advanced, energy-

efficient display provides crisp, clear readouts in any lighting condition. Each caliper undergoes rigorous multi-point calibration and is assembled using precision robotics, guaranteeing reliability for years of demanding use.

## **Professional Performance**

Engineered for seamless versatility, the Zava Digital Caliper 6-inch excels in a broad range of applications—measuring internal, external, step, and depth dimensions with effortless transition between metric and imperial units. Its quick-lock feature ensures consistent repeat measurements, making it indispensable for cabinetmakers, machinists, jewelers, and hobbyists alike. The caliper's IP54-rated construction protects it from dust and water splashes, ensuring performance even in challenging workshop environments. Whether you're double-checking tolerances, aligning components, or crafting bespoke pieces, this caliper adapts to your workflow, delivering professional-grade accuracy every time.

## **What Sets Us Apart**

What truly distinguishes the Zava Digital Caliper 6-inch from competitors is its exclusive Ergoflex grip design, providing all-day comfort and superior control, even during extended use. The intuitive touch-activated Zero/ABS button allows instant resetting at any point, streamlining complex measurement tasks. Unlike generic models, Zava's precision-cut jaws minimize measurement error, while its proprietary anti-glare coating ensures optimal display legibility in any workspace. Backed by Zava's tradition of innovation and customer focus, this caliper is more than a tool—it's a dependable partner that elevates your craftsmanship.

## **Quality Promise**

With every Zava Digital Caliper 6-inch, you receive more than state-of-the-art measurement technology—you gain peace of mind. Each unit is covered by a comprehensive three-year warranty and lifetime technical support, reflecting Zava's unwavering confidence in its quality. Our dedicated quality assurance team meticulously inspects every caliper before it reaches you, ensuring it meets our exacting standards. Should you ever need assistance, our responsive support team is always ready to help. Choose Zava and experience the difference that true commitment to excellence makes, every time you measure.

## **Key Features**

- Patented capacitive sensor technology for ultra-precise digital measurements
- Aerospace-grade stainless steel body for exceptional durability and lightweight handling
- Exclusive Ergoflex grip design for superior comfort and control during prolonged use
- IP54-rated professional-grade protection against dust and water splashes
- Proprietary anti-glare, high-

contrast LCD for optimal readability in all lighting conditions • Comprehensive three-year warranty and lifetime technical support for total peace of mind • Quick-lock mechanism for consistent repeatability and error-free measurements

## Specifications

Specification	Value
Product Name	Digital Caliper 6-inch
SKU	HTMT000017
Category	HAND TOOLS - Measuring Tools
Base Price	\$0.00
Brand	Zava
Warranty	Standard Manufacturer Warranty
